SCHOOL
SCOOP!

Newsletter: July 2020-September 2020

FROM THE PRINCIPAL'S DESK

Dear Parents

Greetings to you!

It's hard to believe but we have finished our first six months of school!

The answer to every adversity lies in courageously moving forward with faith and if we fail to adapt to this, we fail to move forward.

We, at DPS Pataudi did not stand back and watch, but in a manner characteristic to the school, the school and teachers have kept moving forward, kept their momentum and the teaching-learning of our students.

Teachers have gone that extra mile with a smile on their face and have proved that they are true leaders in this volatile, uncertain, complex, and ambiguous situation and have adapted to the current circumstances almost effortlessly.

Special classes and counselling sessions have been also going on for some students to allay their anxieties & fears.

The faculty has been motivating and guiding students towards responsible online and independent learning for this is the new possible learning model for the future. Regular class activities along with inter school activities have kept the spirits of students high!

I hope that this extraordinary year teaches everyone new things about themselves, allowing everyone to enjoy happiness in every situation, for happiness is a state of mind and doesn't need state of the art technology to build it.

Wishing you all a fruitful and blissful time ahead.

Best wishes

Dipinder Kaur

Principal

Inter School Events – Blue Bells School

Don't stop until you are proud!

Daisy Yadav of Class 7, participated in the online Inter School Parthenon Event organized by Blue Bells Public School, Sector-10 held on 22nd May, 2020 and secured 1st position in the Verse vs. Verse segment. She wrote a fabulous lyrical poem on the theme – Be the change you want to see!

Inter School Techsmert 2020 – DAV Public School

Students of Delhi Public School, Pataudi participated in online Inter School Techsmert event 2020 organised by DAV Public School, Sector-49 Gurgaon. Mayank of class-IV and Vanshika of class-VIII were the recipients of Jury's Special Mention in the events 'Sketch UP' & 'Be Seen' respectively.

Inter School Competition- Giving Wings to Your Dreams.....

Students have tremendous potential and can unleash it in a meaningful and productive manner. An inter school competition under the aegis of Gurgaon Progressive Schools Council was organized by Delhi Public School, Pataudi for the students of classes III to VIII, during the last week of July, 2020. Two competitions were designed to unleash the potential of the students digitally. Story Narration, Oodles of Doodles were organized in which children had to send their entries. These competitions were conducted offline. The participants sent their prerecorded videos of stories and scanned two dimensional doodles. About 21 schools from NCR participated in this mega event. After the due selection process, as per rules and regulations set by host school, the participants were judged on the basis of relevance to the theme, originality and creativity, innovation, and overall Presentation. The results of these competitions were announced on 25th August 2020 and E-certificates given to the winners. The competition ensured the creative and intellectual development of all the participants to unlock their creative and critical thinking skills.

Workshops by Delhi Public School Society

Keep Learning & Keep Training until you get it right!

Teachers across all levels in our school have been attending workshops organized by DPS Society to enhance their knowledge on their respective subjects which helped them to meet the needs of special education during and after COVID-19 pandemic. Delhi Public School Society has given a great platform wherein all the teachers and the heads across DPS can share their views and experiences and one can seek learning and knowledge from each other.

Parents' interactive session with the counsellor

An interactive virtual session with an eminent Counsellor, Ms. Shivnetri Puri was organised for the parents of classes Nursery -II on 22nd August 2020. The resource person Ms. Shivnetri Puri, first explained the different stages of children right from its inception to growing and developing upto the age of 8. She told the parents that they should look beyond and broaden their mind while talking to their children.

The children of this age group are very impressionable and what they see, observe and hear stays with them forever. So, the parents have to be very careful in their actions and demeanour.

In reference to the virtual or WhatsApp classes parents also need to play the role of a teacher. They must ensure a proper atmosphere at home and instead of improving their lifestyle they should first improve their lives. Parents need to talk to the children about non-school subjects and share their own experiences of life. They should listen to the interests of the children and always welcome the children's point of view also. The tips shared by the Counsellor were informative and liked by all the parents.

Teacher's Day Celebration:

A Teacher takes a hand, opens a mind and touches a heart!

On September 5, Teacher's Day was celebrated virtually to appreciate and acknowledge the efforts and hard work of the teachers. The students' council performed various activities and showcased their performances for the teachers to make them happy and feel special in every way possible which include felicitation of teachers and various interactive games too. It was overall a fun filled morning. In the evening, there was a special get together for the teachers virtually wherein the Principal, Ms Dipinder Kaur addressed the gathering followed by some of the teachers who shared their experience of their journey in school so far. There was also an interactive session conducted by the heads of the school which was quite stimulating and exciting for the teachers. The Principal also shared a very touching video as a small token of love for the teachers followed by vote of thanks by the Headmistress ma'am.

Maths Activities

The only way to learn Mathematics is to do mathematics!

Students were excited about learning fractions with this Art Integrated Project based learning assignment. This Fraction- Art Project Activity allowed them to show their creativity, artistic abilities and maths skills. The students enjoyed this activity at the end of the unit and they used their creative skills with their fraction knowledge base to complete this activity. It was overall a fun learning activity for the students.

The students also showcased their creativity in Geometry. Students used their maths skills using art knowledge to show basic geometrical ideas about line, ray, line segment, types of line and curve. With this activity, it was easier for students to understand the in-depth knowledge of Geometry.

Science Activities

Students of class 5 showcased their creativity by doing hands-on activities in Science by making a Skeleton. They explained about the parts of skeleton and how do they function in our body. It was an awesome experience that students had during this class activity by using paper, buds, newspaper etc. The main goal was to explore the curiosity about the human body.

Students of class learned about animal life cycles which helped them to understand that not all insects, animals and mammals reproduce and grow in the same way. Some have eggs; others produce live offsprings.

Fancy Dress Competition

The school conducted a virtual Fancy Dress Competition for the students of Class 3 on August 13, 2020. The theme of the competition was 'The famous personalities of India'. The purpose of conducting the competition was not only to make students aware of the contributions made by great personalities of India, but also to develop confidence in them. The students participated actively and enthusiastically in the competition by dressing up as the Prime minister of India, Mr. Narendra Modi, Subhash Chandra Bose, Dalai Lama, Aishwarya Rai Bachchan, Saina Nehwal etc. The students spoke few sentences on the characters they depicted, and the efforts and hard work of the students were highly commendable. The competition proved to be a great learning experience for the students and gave them a platform to explore their hidden talents.

English Week Activities

English Week was conducted from 8th to 12th July wherein a lot of English activities took place during this week. Students participated with great enthusiasm in activities like Just a Minute, Poetry Recitation, Spell Bee, Unscramble the words etc. The best performances were awarded with certificates.
